FOUNDER & CEO, FOLDS OF HONOR

**2026** I QUARTER 2

# AMERICA'S 250

## MESSAGE FROM LEADERSHIP

Friends,

Two hundred and fifty years ago, a band of patriots pledged their lives, their fortunes, and their sacred honor to secure liberty for generations they would never meet. Today, we stand on the shoulders of those giants, and we carry their legacy forward.

At Folds of Honor, that legacy is alive in every scholarship we award to the families of America's heroes and, because of your generosity, it is alive in every student we bless with the gift of education.

This quarter, your belief in our mission has propelled us into a milestone year. As America celebrates 250 years of independence, I am grateful to be serving alongside you as Folds continues to impact lives and glorify God.

Behind every number in this report is a life changed. A daughter of a fallen Marine who dreams of becoming a nurse. A son of a disabled police officer who is the first in his family to attend college. A spouse rebuilding a future after unimaginable loss. These are the stories that remind me why this mission matters, and why your commitment is so meaningful.

Freedom is not free. It is fought for and defended by heroes who stand watch and preserved by patriots like you who choose to honor their sacrifice through action. Your generosity ensures that no family is left behind.

Thank you for standing with Folds and thank you for helping us carry the spirit of 1776 into the next generation.

"But those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint." - Isaiah 40:31

Godspeed,

Lt Col Dan Rooney
Founder & CEO, Folds of Honor

HONOR THEIR SACRIFICE — EDUCATE THEIR LEGACY

# MADELYN COBLE

Madelyn Coble is a proud Folds of Honor scholar and daughter of United States Marine Corps Major Christopher Coble, who served 22 years before retiring in 2015. Major Coble's distinguished career included deployments to Iraq, Afghanistan, and Kyrgyzstan, roles as an Air Traffic Control Officer and Uncrewed Drones Mission Commander, and recognition with the Marine Corps Navy Commendation Medal, Meritorious Service Medal, Iraq Campaign Medal with three stars, and more.

Inspired by her father's dedication to service and lifelong learning, Madelyn is completing her undergraduate degrees in Neuroscience and Hispanic Linguistics at the University of North Carolina at Chapel Hill, where she has earned Dean's List honors every semester. An active researcher in the Baldwin Lab, she has earned a publication authorship studying astrocyte mutations linked to a rare neurodegenerative disorder and presented her work at three conferences this spring, including the competitive ACC Meeting of the Minds. She also serves as an Undergraduate Research Ambassador, mentoring the next generation of student scientists.

This fall, Madelyn will begin her PhD in Neuroscience through UNC's BBSP program, carrying forward the values her father modeled: hard work, servant leadership, and a commitment to making a difference.

> **The success I have seen as a neuroscience student would not be possible without the support of the Folds of Honor, and I am proud to represent children of disabled veterans with every microscope slide I use!**

## SACRIFICE, IMPACT & GOLF

Throughout the month of May, golfers, facilities, and supporters across the country came together to celebrate Patriot Golf Days, a longstanding tradition honoring the sacrifice of our nation's military service members and first responders. The campaign culminated over Memorial Day weekend, when participating golf facilities rallied their communities to raise critical funds in support of Folds of Honor scholarships. **We are deeply grateful to our partners at Titleist for their continued dedication to the mission and steadfast support of Patriot Golf Days. We also extend our sincere thanks to GolfNow and its golfers nationwide for their generous round-up campaign, which provided an easy and impactful way for players to support the families we serve.** Together, these efforts help ensure educational opportunities for the spouses and children of America's heroes.
